

**Dear Colleagues!**

The organizing Committee of The international scientific and technical Symposium “**Second International Kosygin Readings: Energy and Resource Efficient Environmentally Safe Technologies and Equipment**” (ISTS «**EESTE-2019**») invites you to take part in the Symposium, which will be held in Moscow from October 29 to November 01, 2019 at the Kosygin Russian State University.

**The scientific program** of the Symposium Plenary session can be found on the Symposium Website or on the link [www.eeste.org/Scientific-program.pdf](http://www.eeste.org/Scientific-program.pdf).

**We are waiting for your materials**, which have to be not less than three and not more than six pages, clearly reflecting the content of the proposed report (oral or poster). A sample of the materials is posted on the Symposium Web-site (article by Professor Odilio Alves-Filho).

**Deadline** for materials is **01.05.2019**.

**Notice of acceptance** of materials for publication in the proceedings of the Symposium, indexed in RSCI (Russian science citation index), will be sent to you until June 15, 2019.

**To send the materials** you should fill in all the required fields on the Symposium Web site in the "Submit papers" section (<https://www.eeste.org/en/senddoc-en/>) and select the file to download.

**Payment** is made only after confirmation of acceptance of your materials for publication in the collection of scientific papers.

**The invoice** will be posted on the Symposium website.

**The registration fee** for those who come to the Symposium and information about its appointment will be posted on the Symposium website.

## ***The Publication of the Symposium Proceedings***

By the beginning of the Symposium the program and collection of scientific works of the Symposium will be published and printed in the original language (indexed in RSCI). After the Symposium, the reports recommended by the reviewers will be published in the journals of TFCE (Theoretical Foundations of Chemical Engineering) - Web of science, Scopus, HAC (Higher Attestation Commission); Chemical fibers (Web of science, Scopus, HAC); Izvestiya Vysshih Uchebnyh Zavedenij. Technology of textile industry (Web of science, Scopus, HAC); Vestnik TSTU (Chemical Abstracts, CrossRef, VAK); Chemical technology (Web of science, Scopus, HAC); Vestnik VSUT. Series: Materials. Designs. Technology (HAC).

The articles, selected by the reviewers, should be prepared by the authors in accordance with the requirements of the relevant journal.
